## Profile

I'm a multimedia, graphic designer and have been working in web based brand communication for over six years. I am now looking for a position that will allow me to develop my skills in new areas such as print, interactive and broadcasting. As a designer I focus on simplicity and usability with creative flair and believe in the form follows function principle. I have over six years' experience as a designer creating effective designs which fit the clients brief. I find inspiration in the world around me and am particularly interested in Japanese and Swedish design.
